Hosted by:

Each day will be filled with educational theory & hands-on scenarios focusing on different aspects including:

- Towing Techniques
- Different Hook Up Methods
- Creating a Safer Working Environment

Heavy Duty Towing will share hook up procedures and towing principles using heavy duty tow trucks both in the classroom & in the hands-on sessions.

Student comments from a recent course:

"The best part of the classroom theory is the attitude of the instructor, did not have the "big me, little you" syndrome. Very educational, spoke on an operator's level."

"Thank you, Wes for your hard work & dedication to our industry."
