This medium & heavy duty continuing education course, designed by Towing & Recovery Instructor, Wes Wilburn of The American Towing and Recovery Institute will share proven rigging methods & other techniques using medium & heavy duty tow trucks both in the classroom & in the hands-on sessions.

Student comments from a recent course:

"The best part of the classroom theory is the attitude of the instructor, did not have the "big me, little you" syndrome. Very educational, spoke on an operator's level."

"Thank you, Wes for your hard work & dedication to our industry."
