

2 Day Heavy Duty Recovery Course May 5-6, 2018 Hampton Bays, New York

Nationally Recognized
Trainer:
Wes Wilburn

Each day will be filled with educational theory and hands-on scenarios focusing on different aspects including:

- Recovery Techniques
- Different Hook Up Methods
- Incident Management Procedures
- Creating a Safer Working Environment

Heavy Duty Recovery Course will share proven rigging methods & other techniques using heavy duty tow trucks both in the classroom & in the hands-on sessions.

We encourage attendees to bring any brand of heavy duty recovery unit for field use. (let us know if you plan to bring equipment).

Student comments from a recent course:

"The best part of the classroom theory is the attitude of the instructor, did not have the "big me, little you" syndrome. Very educational, spoke on an operator's level."

"Thank you, Wes for your hard work & dedication to our industry."

Wes Wilburn, 30 year Towing Industry Veteran and Founder of American Towing and Recovery Institute of Fayetteville, NC has been published over 100 times in major towing publications. Wes has produced and conducted training and certification programs for leading towing companies, equipment distributors, towing associations, DOT, fire department/rescue and military installations across the United States. Wes has "shared information" as a main speaker for twenty-one years at 700 plus sessions and has been recognized as one of *America's Greatest Towing Trainers*. He is well known for his straight forward but down to earth teaching style.
