

2 Day Light & Medium Duty Recovery Course

March 23-24, 2019

Tuscaloosa, AL

**Nationally
Recognized Trainer:
Wes Wilburn**

**Hosted by: Alabama Towing &
Recovery Association**

Fresh Course Update for 2019

We have obtained quite a bit of factory direct information for towing & transporting late model luxury vehicles that we have added to this course.

Send your best light duty operators for this information packed hands on seminar.

Light & Medium Duty Recovery Course will share proven rigging methods and other techniques using light and medium tow truck and flatbeds in both classroom and in the hands-on sessions. We encourage any attendees to bring any brand light or medium duty unit for hands-on field use.

(Please let us know if you plan on bringing any equipment)

Special discounts for early registrations. See complete details on reverse side of this flyer.

Special Points of Interest: Each day will be filled with educational theory and hands-on scenarios focusing on different aspects including:

- Recovery Techniques
- Hook up Points
- Incident Management Procedures
- Creating a safer, working environment

Student comments from a recent course:

"The best part of the classroom theory is the attitude of the instructor, did not have the "big me, little you" syndrome. Very educational, spoke on an operator's level."

"Thank you, Wes for your hard work & dedication to our industry."
